MEDICINAL.

WHAT AILS YOU?

Do you feel dull, languid, low-spirited, fullness or bloating after eating, tongue coated, bitter or bad taste in mouth, irregular appetite, frequent headaches, "floating specks" before eyes, nervous prostration and drowsiness after meals?

If you have any considerable number of these symptoms, you are suffering from Torpid Liver, associated with Dyspepsia, or Indigestion. The more complicated your disease the greater the number of symptoms. No matter what stage it has reached, Dr. Pierce's Golden Medical Discovery will subdue it.

Mrs. MARY MOTT, of River Rock, Pleasant Co., W. Va., writes: "Before using your Dr. Pierce's Golden Medical Discovery, everything I ate would do me no good, and my tongue was so terribly coated, I thought nothing would remove it. Since taking the Golden Medical Discovery, I can eat good food, and enjoy it."

DID SHE POISON HIM?
The trial of Mrs. Bell Farrall, charged with the murder of her husband, Frederick Farrall, on December 17 last, was begun at the Circuit Court of the county, Md., Wednesday, before the special term of the Circuit Court for Charles county. The town has been thronged with people since Monday, when the work of selecting a jury was commenced.

Great difficulty was encountered in securing the jury, because the case has excited such general interest and has been so much discussed that many, upon examination by the court, declared that they had formed an unfavorable opinion as to the innocence or guilt of the accused.

Mrs. Farrall, a handsome woman of about 28 years, is accused of murdering her husband, a crippled hotelkeeper, 52 years old, by strychnine poisoning, the presumed motive being the infatuation of a younger man, Eugene Hall, a railroad brakeman.

The woman disappeared about the time her husband's remains were disinterred last winter, but surrendered about ten days ago. She is scarcely treated like a prisoner charged with murder. Her nights are spent at Sheriff Albrittain's house, and she dines at the hotel where every courtesy is shown her.

She has the sympathy of the majority of the residents of the town, but not because of any belief in her innocence, for there are few who go so far in their declarations. Her personal attractiveness has, no doubt, contributed to this feeling, and truly the sight of the pretty young widow and her bright baby boy is enough to shake the damning testimony brought out by the coroner's inquest.

One hundred witnesses have been summoned, and the trial is likely to continue some days. Some of the most important testimony will be given by Washington, D. C. chemists and physicians, who held an autopsy over Mr. Farrall's remains.

Mrs. Farrall was formerly a resident of Washington.

State's Attorney Matthews opened the case for the prosecution Wednesday afternoon, and the defense reserved its statements.

Three witnesses testified for the State. Dr. L. C. Carrio said that he was called to attend Frederick Farrall on the night of December 16, 1894. The man was suffering with convulsions, which the doctor diagnosed as the result of poison, and treated him accordingly. Farrall died the next morning in one of the convulsions.

J. E. Joy, the undertaker, visited Farrall the night before he died, and overheard Mr. Farrall ask his wife if there was any strychnine in the medicine she administered.

Dr. E. M. Schaefer, of Washington, testified that strychnine was found in the stomach of the dead man when the autopsy was performed.

In the trial yesterday chemists testified to the methods and to the discovery of strychnine in the organs of Frederick Farrall. In their opinion there was no natural cause of death. The brother of the dead man proved that Farrall and his wife lived on excellent terms together. One of the jurors was ill all day and it is doubtful whether he can continue on the panel.

W. H. Nelson, who is in the drug business at Kingville, Mo., has some confidence in Chamberlain's Colic, Cholera and Diarrhea Remedy that he warrants every bottle and offers to refund the money to any customer who is not satisfied after using it. Mr. Nelson takes no risk in doing this because the Remedy is a certain cure for the diseases for which it is intended and he knows it. It is for sale by L. Stabler & Co.

Knights of the Maccabees.
The State Commander uses us from Lincoln, Neb., as follows: "After trying other medicines for what seemed to be a very obstinate cough in our two children we tried Dr. King's New Discovery and at the end of two days the cough entirely left them. We will not be without it hereafter, as our experience proves that it cures where all other remedies fail." Signed F. W. Stevens, State Com. Why not give this great medicine a trial, as it is guaranteed and trial bottles are free at E. L. Leachester & Sons' Drug Store. Regular size 50c and \$1.

A False Diagnosis.
La Grippe is confounded by many persons with a severe attack of catarrh, which in some respects resembles the former. The individuals suffer severely with pain about the forehead, eyes and ears, with soreness in throat and stoppage of the nasal passages, and in fact are incapacitated for work of any kind for days at a time. These are catarrhal sufferings. Ely's Cream Balm has been used with the best results in such cases. The remedy will give instant relief.
